Slater Investments Limited Retains Signatory Status to the UK Stewardship Code.

Slater Investments Limited is pleased to announce that we have retained our status as a signatory to the Financial Reporting Council's ("FRC") UK Stewardship Code ('the Code'). As one of the initial signatories in September 2021, we are proud to receive this recognition of our continued commitment to the principles of responsible stewardship and the high standards set by the FRC.

Our dedication to responsible stewardship aligns seamlessly with our core values. Stewardship and governance have always been central to our ethos, and we pledge to continue maintaining the highest standards in managing our clients' assets. We take pride in the progress we have made and remain steadfast in our commitment to driving positive change.

Mark Slater, Chairman of Slater Investments, commented:

"It is an honour to be a signatory to the FRC's UK Stewardship Code. Slater Investments was in the first cohort of signatories in 2021, a notable achievement given that many firms were rejected by the FRC. To have our stewardship standards recognised by the FRC for the third year in a row is testament to a great deal of hard work by the team and to the fact that Slater Investments takes the responsibility of being an owner of listed securities very seriously."
